

STAMOID®

MARINE FABRICS

CLEANING INSTRUCTIONS

We recommend using only
IMAR™ STAMOID® Marine Vinyl Cleaner,
IMAR™ STAMOID® Marine Protective Cream,
IMAR™ STAMOID® Marine Protective Spray
on ALL STAMOID® Marine Fabrics.

1. IMAR™ STAMOID® Marine Vinyl Cleaner

Use to gently clean away dirt and pollutants that may collect on STAMOID® Marine Vinyl. Follow use directions written on the container. Follow cleaner use with an application of one of the following Protective products.

2. IMAR™ STAMOID® Marine Protective Cream

Use to protect STAMOID® Marine Vinyl against the marine environment and insure the retention of like-new suppleness and luster. Apply IMAR™ STAMOID® Marine Protective Cream every 2 to 3 months (every 4 to 6 weeks in areas of high pollution). Follow use directions written on the container.

3. IMAR™ STAMOID® Marine Protective Spray

Frequently use IMAR™ PROTECTIVE Spray with its special UV inhibitors to extend the useful life of STAMOID® Marine vinyl by minimizing the deteriorating effects of direct sunlight. Follow use directions written on the container.
